

# YARD CHECK SMARTAPP

## Streamline Asset Evaluation and Maintenance

The **Yard Check SmartApp** revolutionizes asset management by enabling users to conduct evaluations upon asset return to a selected location. This application empowers users with the functionality to update meters, initiate service or work requests, and detailed condition ratings. From tracking usage metrics to flagging maintenance needs, Yard Check ensures assets are efficiently assessed and maintained for optimal performance. With its user-friendly interface and robust capabilities, Yard Check is the go-to solution for streamlining asset evaluation and maintenance processes.

The Yard Check SmartApp is included as part of the MobileFocus Enterprise suite.

### Key Features:

- **Asset evaluation** – accurate assessment and maintenance planning
- **Condition ratings**
- **Accessible on any internet-connected device**
- **Service and work requests** – initiate requests directly through the app

Investing in Yard Check streamlines asset evaluation and maintenance, ensuring optimal performance and efficiency for your organization.
